### Report on Limited Review of Interim Consolidated Financial Statements

#### To the Board of Directors of Sixth of October for Development and Investment Company "SODIC"

##### *Introduction*

We have performed a limited review for the accompanying consolidated financial statements of Sixth of October for Development and Investment Company "SODIC" which comprise the consolidated balance sheet as of June 30, 2010 and the related consolidated statements of income, cash flows and changes in equity for the six-month then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim consolidated financial statements in accordance with Egyptian Accounting Standards. Our responsibility is to express a conclusion on these interim consolidated financial statements based on our limited review.

##### *Scope of Limited Review*

We conducted our limited review in accordance with Egyptian Standard on Review Engagements (2410) "Limited Review of Interim Financial Statements Performed by the Independent Auditor of the Entity." A limited review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters in the Company, and applying analytical and other limited review procedures. A limited review is substantially less in scope than an audit conducted in accordance with Egyptian Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on these interim consolidated financial statements.

##### *Conclusion*

Based on our limited review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Company as at June 30, 2010, and of its financial performance and its cash flows for the six-month then ended in accordance with Egyptian Accounting Standards.

## **2. Basis of preparation**

### **a. Statement of compliance**

These consolidated financial statements have been prepared in accordance with Egyptian Accounting Standards and relevant Egyptian laws and regulations.

### **b. Basis of measurement**

The consolidated financial statements have been prepared on historical cost basis except for the following:

- Held for trading investments measured at fair values.
- Available for sale investments measured at fair values.
- Liabilities for cash settled share - based payments transactions measured at fair values.

### **c. Functional and presentation currency**

The consolidated financial statements are presented in Egyptian Pound which is the Group's functional currency.

### **d. Use of estimates and judgments**

- The preparation of the consolidated financial statements in conformity with Egyptian Accounting Standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are readily apparent from other sources. Actual results may differ from these estimates.
- The estimates and underlying assumptions are reviewed on a going basis.
- Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

### 3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements:-

#### 3.1 Basis of consolidation

##### 3.1.1 Subsidiaries

Subsidiaries are entities controlled by the Parent Company. Control exists when the Parent Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Subsidiaries are represented in the following:-

\* The legal participation in Beverly Hills for Management of Cities and Resorts Co. amounts to 74.8%, which includes 16.21%, represents transitory shares, which are currently in the name of the Company, and the title of these shares will be transferred to the real shareholders (Owners of the units).

\*\* The Company participates in the share capital of SODIC Garden City for Development & Investment Co. in conjunction with some board members and their owned companies.

\*\*\* On June 15, 2010, SODIC Syria Co. a Syrian limited liability Co. was established for the purpose of acquiring a stake of 50 % in the share capital of Palmyra for Real Estate Development L.L.C, a limited liability company that is registered and operating in Syria.

### **3.1.2 Associates**

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies. The consolidated financial statements include the Group's share of the total recognized gains and losses of associates on an equity accounted basis, from the date that significant influence commences until the date that significant influence ceases.

### **3.1.3 Transactions eliminated on consolidation**

Intra-group balances and any unrealized gains and losses or income and expenses arising from intra group transactions, are eliminated in preparing the consolidated financial statements. Unrealized gains arising from transactions with associates and jointly controlled entities are eliminated to the extent of the Group's interest in the entity. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

### **3.2 Foreign currency transactions**

Transactions in foreign currencies are translated at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the consolidated balance sheet date are translated to Egyptian Pound at the foreign exchange rate in effect at that date. Foreign exchange differences arising on translation are recognized in the consolidated income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using exchange rate at the date of the transaction.

### **Financial statements of foreign operations**

Subsidiaries' financial statements maintained in foreign currencies are translated to Egyptian pound. Assets and liabilities of those companies are translated at foreign exchange rates ruling at the consolidated balance sheet date. Revenues and expenses are translated at the average exchange rate used during the period. Foreign exchange differences arising on translation are recognized directly in a separate component of equity.

### **3.3 Fixed assets & depreciation**

#### **a. Recognition and measurement**

Fixed assets are stated at cost less accumulated depreciation (note No. 3-3-c) and impairment losses (note No. 3-13).

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Where parts of an item of fixed assets have different useful lives, they are accounted for as separate items of fixed assets.

**b. Subsequent costs**

The Company recognizes in the carrying amount of an item of Property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that future economic benefits embodied with the item will flow to the Company and the cost can be measured reliably. All other costs are recognized in the income statement as an expense as incurred.

**c. Depreciation**

Depreciation is charged to the income statement on a straight-line basis over the estimated useful lives of each part of property, plant and equipment. The estimated useful lives are as follows:

<u>Asset</u>	<u>Years</u>
Buildings & constructions	10-20
Caravans	5-10
Vehicles	5
Furniture & fixtures	4-10
Office & communications equipment	5
Generators, machinery & equipment	2-5
Kitchen utensils	10
Wells, pumps & networks	4
Leasehold improvements from others	5
Leasehold improvements	Lesser of 5 years or lease term

**3.4 Intangible assets**

**3.4.1 Goodwill**

Goodwill represents the excess of the cost of acquisition over the Parent Company's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the acquire. Goodwill is stated at cost less any accumulated impairment losses. Impairment of goodwill is not reversed subsequently. When the excess is negative (negative goodwill) it is recognized immediately in the income statement.

**3.4.2 Other intangible assets**

**a. Recognition**

Identifiable non-monetary assets acquired for business purposes and from which future benefits are expected to flow are treated as tangible assets. Intangible assets consist of trademarks & soft wares.

**b. Measurement**

Intangible assets are measured at cost, being the cash price at recognition date. If payment is deferred beyond the normal credit terms the difference between the cash price equivalent and the total payment is recognized as interest over the period of credit. Intangible assets are presented net of amortization (note No. 3-4-2-d) and impairment (note No.3-13)

c. **Subsequent expenditure**

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

d. **Amortization**

Amortization is charged to the income statement on a straight-line basis over the estimated useful lives of intangible assets unless such lives are indefinite. Intangible assets with an indefinite useful life are systematically tested for impairment at each balance sheet date. Intangible assets are amortized from the date they are available for use. The estimated useful lives of these intangible assets range between 2 to 7 years.

3.5 **Projects under construction**

Projects under construction are recognized initially at cost. Cost includes all expenditures directly attributable to bringing the asset to a working condition for its intended use. Projects under construction are transferred to property, plant and equipment caption when they are completed and are ready for their intended use.

3.6 **Investment property**

This item includes lands held and not allocated for a specific purpose, or lands held for sale for long periods as well as the lands and buildings leased to others (by virtue of operating leases). Real estate investments are valued at cost less the accumulated depreciation and the value of any increase in the net book value of these investments over their recoverable amount "impairment". The fair value of these investments shall be disclosed at the consolidated balance sheet date unless if there are cases where the fair value of these investments are difficult to be determined in a reliable manner. In this case disclosure shall be made to this effect.

3.7 **Investments**

a. **Available for sale investments**

Financial instruments held by the Company are classified as being available-for-sale and are stated at cost and subsequently measured at fair value, unless this cannot be reliably measured. Changes in fair value are reported as a separate component in equity. When these investments are derecognized, the cumulative gain or loss previously recognized in equity is recognized in consolidated income statement, except for impairment losses. Investments in unquoted equity securities are stated at cost less impairment losses (note No. 3-13).

Financial instruments classified as available-for-sale investments are recognized /derecognized by the Company on the date it commits to purchase / sell the investments.

b. **Held for trading investments**

Held for trading investments are classified as current assets and are stated at fair value, with any resultant gain or loss recognized in the income statement.

### **3.8 Residential units ready for sale**

Residential units ready for sale are stated at the consolidated balance sheet date at lower of cost or net releasable value. The cost is determined based on the outcome of multiplying of the total area of the remaining completed residential units ready for sale at the consolidated balance sheet date by the average meter cost of these units (represents the cost of meter of land, utilities, building and other indirect expenses).

### **3.9 Works in process**

All expenditures directly attributable to works in process are included in work in process account till the completion of these works. They are transferred to completed residential units ready for sale caption when they are completed. Works in process are stated at the consolidated balance sheet date at lower of cost and net realizable value.

### **3.10 Construction work in progress**

Construction work in progress (due from customers) represents the gross unbilled amount expected to be collected from customers for contract work performed to date. It is measured at cost plus profit recognized to date less progress billings and recognized losses. Costs include all expenditures related directly to specific projects and allocation of fixed and variable overheads incurred in the Group's contract activities based on normal operating capacity.

Provisions for estimated losses on incomplete contracts are made in the period in which such losses are determined.

Construction work in progress is presented as part of current assets in the consolidated balance sheet. If payments received from customers exceed the income recognized, then the difference is presents as (due to customers) in the consolidated balance sheet as current liabilities.

### **3.11 Trade, notes receivable and debtors**

Trade, notes receivable and debtors are recognized and carried at original invoice amount less an allowance for any uncollectible amounts. An estimate of doubtful debts is made when collections of the full amount is no longer probable. Bad debts are written off when identified. Other debit balances are stated at cost less impairment losses (note No. 3-13). Long term trade and notes receivables are initially recognized at fair value and subsequently re-measured at amortized cost using effective interest rate method.

### **3.12 Cash and cash equivalents**

Cash and cash equivalents comprise cash at banks and on hand, time deposits, investments in treasury bills which have maturity date less than three months from the purchase date. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of preparing the statement of cash flows.

### **3.13 Impairment of assets**

#### **a. Financial assets**

- A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

- An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate.
- An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its current fair value.
- Individually significant financial assets are tested for impairment on an individual basis.
- The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.
- All impairment losses are recognized in consolidated income statement. Any cumulative loss in respect of an available-for-sale financial asset recognized previously in equity is transferred to consolidated income statement.
- An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost and available-for-sale financial assets that are debt securities, the reversal is recognized in consolidated income statement. For available-for-sale financial assets that are equity securities, the reversal is recognized directly in equity.

**b. Non-financial assets**

The carrying amounts of the Company's non-financial assets other than residential units ready for sale and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognized in the consolidated income statement.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized

**3.14 Provisions**

A provision is recognized in the consolidated balance sheet when the Company has a present legal or constructive obligation as a result of past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and, where appropriate, the risks specific to the liability.

#### **Provision for completion of works**

A provision for completion of works is formed at the estimated value of the completion of the projects' utility works (pertaining to the units delivered to customers and the completed units according to the contractual terms and conditions and the completed units for which contracts were not concluded) in their final form as determined by the Company's engineering department. The necessary provision is reviewed at the end of each reporting period till finalization of all the project works.

#### **3.15 Borrowing costs**

Borrowing costs are recognized as expense in the income statement when incurred.

#### **3.16 Trade, contractors and other credit balances**

Trade, contractors and other credit balances are stated at cost.

#### **3.17 Share capital**

##### **a. Ordinary shares**

Incremental costs directly attributable to issue of new ordinary shares are recognized as a deduction from equity net of income tax – if any.

##### **b. Repurchase of share capital**

When share capital recognized as equity is repurchased, the amount of consideration paid, including directly attributable costs, is recognized as a change in equity.

##### **c. Dividends**

Dividends are recognized as a liability in the period in which they are declared.

##### **d. Finance of the incentive and bonus plan**

Financing of the shares issued for the purpose of the incentive and bonus plan of the Company's employees & managers which are kept in a bank which works as a trustee (agent) are presented as treasury shares until the terms of granting the shares to the beneficiaries are realized. The resulting outcome from sale of these shares is recognized in equity.

#### **3.18 Share – based payments transactions**

##### **a. Equity – settled share – based payments**

The difference between the grant date fair value of shares and the amount incurred by the beneficiary of the employees & managers bonus & incentive plan is recognized in the income statement over the period that the beneficiaries become unconditionally entitled to these shares. The expected number of beneficiaries from the plan and the extent of their benefit are reviewed at the consolidated financial statements date. Necessary changes are made for the expense to reflect the best estimate and the corresponding amount is included in equity.

**b. Cash settled share - based payments**

Share Appreciation Rights are granted to some of the Company's directors as part of their salaries and compensation package that entitles them to future cash payments based on the increase in the share price of the Company over determined level for certain period of time. The amount or the value of the purchased services and incurred liabilities is measured at the fair value of the said liability and until the settlement of such liability, the Company re-measures the fair value of the liability at the consolidated financial statements date and at settlement date and takes into account any changes in the recognized fair value of the liability in the income statement.

**3.19 Long-term notes payable**

Long-term notes payable are stated at amortized cost using the effective interest rate method.

**3.20 Revenue recognition**

**a. Real estate & land sales**

Revenue from sale of residential units, offices, commercial shops, service and villas for which contracts was made is recorded when all the ownership risks and rewards are transferred to customers and upon the actual delivery of these villas and units whether the said villas and units have been completed or semi - completed. Revenue from sale of lands is recorded upon the delivery of the sold land to customers and the transfer of all the ownership rewards and risks to buyer.

Net sales are represented in the selling value of units and lands delivered to customers after excluding the future interests that have not been realized till the consolidated balance sheet date and after deducting the value of sales returns (represented in the saleable value of the sales returns less unrealized interests that have been previously excluded from the saleable value).

**b. Construction contracts**

- Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments to the extent that is probable that they will result in revenue and can be measured reliably. As soon as the outcome of a construction contract can be estimated reliably, contract revenue and expenses are recognized in profit or loss in proportion to the stage of completion of the contract.

The stage of completion is assessed by reference to surveys of work performed. When the outcome of a construction contract can not be estimated reliably, contract revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable. An expected loss on contract is recognized immediately in profit or loss.

- In the case of a cost plus contract, the outcome of a construction contract can be estimated reliably when all the following conditions are satisfied:
  - It is probable that the economic benefits associated with the contract will flow to the entity.
  - The contract costs attributable to the contract, whether or not specifically reimbursable, can be clearly identified and measured reliably.

**c. Service revenues**

Revenue from services is recognized in the consolidated income statement when the service is rendered.

d. **Rental income**

Rental income is recognized in the consolidated income statement on a straight-line basis over the terms of the lease.

e. **Interest income**

Interest income is recognized as it accrues in the consolidated income statement, according to the accrual basis of accounting.

f. **Commission revenue**

Commission revenue is recognized in consolidated income statement according to the accrual basis of accounting.

g. **Dividends**

Dividends income is recognized in the consolidated income statement on the date the Company's right to receive payments is established.

3.21 **Cost of sold lands**

The cost of sold lands is computed based on the value of the net area of land in addition to its respective share in road areas as determined by the Company's technical management, plus its share in the open area.

3.22 **Expenses**

a. **Lease payments**

Payments under leases are recognized in the consolidated income statement on a straight-line basis over the terms of the lease.

b. **Interest expense**

Interest expense on interest-bearing borrowings is recognized in the consolidated income statement using the effective interest rate method.

c. **Employees' pension**

The Company contributes to the government social insurance system for the benefit of its personnel in accordance with the social insurance law No. 79 of 1975 and its amendment. Under this law, the employees and the employers contribute into the system on a fixed percentage-of-salaries basis. The Company's liability is confined to the amount of its contribution. Contributions are charged to consolidated income statement using the accrual basis of accounting.

d. **Income tax**

Income tax on the profit or loss for the period comprises current and deferred tax. Income tax is recognized in the consolidated income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax is the expected tax payable on the net taxable income for the period, using tax rates enacted at the consolidated balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is measured using tax rates enacted or substantively enacted at the consolidated balance sheet date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

### **3.23 Earnings (losses) per share**

Earnings (losses) per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

### **3.24 Segment reporting**

A segment is a distinguishable component of the Company that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

## **4. Determination of fair values**

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and / or disclosure purposes based on the following methods. Where applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

### **4.1 Fixed assets**

The fair value of fixed assets recognized as a result of a business combination is based on market values. The fair value of fixed assets is the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing where in the parties had each acted knowledgeably, prudently and without compulsion.

### **4.2 Intangible assets**

The fair value of intangible assets is based on the discounted cash flows expected to be derived from the use and eventual sale of the assets.

### **4.3 Investments in equity instruments**

The fair value of held for trading investments and available -for- sale investment is determined by reference to market value declared to these shares in stock market at the consolidated financial statement date.

### **4.4 Trade, note receivables & other debtors**

The fair value of trade, note receivables & other debtors is estimated as the present value of future cash flows, discounted at the market rate of interest at the consolidated financial statement date.

**4.5 Investment property**

The present value are based on market values, being the estimated amount for which property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper market wherein the parties had each acted knowledgeably, prudently and without compulsion.

**4.6 Share – based payment transactions**

The fair value is determined by reference to market value declared at the consolidated balance sheet date without deducting the cost related to transactions.

**5. Financial risk management**

The Group has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- Market risk.

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

The Board of Directors of the Parent Company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board also identifies and analyzes the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits.

The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

**5.1 Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's customers and other receivables.

**Trade & other receivables**

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the Group's customer base, including the default risk of the industry has less influence on credit risk.

Approximately 100 percent of the Group's revenues is attributable to sales transaction with a vast group of customers. Therefore, geographically, there is no concentration of credit risk.

The Group's management has established a credit policy under which each customer is analyzed individually for credit worthiness before the Company's standard payment and delivery terms and conditions are offered. The Company gets advance payments and cheques for the full sales in advance and before the delivery of units to customers. No previous losses were observed from transactions with customers.

Sales of residential units are made subject to retention of title clauses and the ownership title is transferred after collection of the full sales value. In the event of non-payment, the unit is returned to the Company and the amounts collected from customers are repaid at the default date after deducting a 5 % to 10 % of this value.

### **Investments**

The Group limits its exposure to credit risk by only investing in liquid securities and the Company's management does not expect any counterparties to fail to meet its obligations.

### **Guarantees**

The Group's policy is to provide financial guarantees only to wholly owned subsidiaries. At June 30, 2010, no guarantees were outstanding.

## **5.2 Liquidity risk**

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for appropriate period of time including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

In addition, the Group maintains the following lines of credit:

- L.E 85 million as short-term bank facilities guaranteed by a promissory note amounting to the whole amount of facility. Interest would be payable at the rate of 2% per annum above the borrowing and discount rate declared by the Central Bank of Egypt.
- L.E 450 thousand as short-term bank facilities guaranteed by a blocked deposit amounting to L.E 500 thousand. Interest would be payable at the rate of 9.75 % per annum and a commission of 1.5 per mille above the highest debit balance during the month.
- L.E 4 million as short-term bank facilities guaranteed by platinum saving certificates amounting to L.E 5.5 million. Interest would be payable at the rate of 10.5 % per annum and a commission of 0.75 per mille above the highest debit balance during the month.

## **5.3 Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holding of financial instruments.

The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

**5.4 Currency risk**

The Group is exposed to currency risk on sales and financial assets that are denominated in a currency other than the respective functional currencies of Company entities, primarily the US Dollar.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group ensures that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

The Company's investments in its subsidiaries are not hedged as those currency positions are considered to be long-term in nature.

**5.5 Interest rate risk**

The Group adopts a policy of ensuring that there is no exposure to changes in interest rates on borrowings on a fixed rate basis. Therefore, the Group does not enter into interest rate swaps.

**5.6 Other market price risk**

Equity price risk arises from available-for-sale equity securities and management of the Group monitors the mix of equity securities in its investment portfolio based on market indices or an objective valuation of the financial statements related to these shares.

Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the Company's Board of Directors.

The primary goal of the Company's investment strategy is to maximize investment returns. Management is assisted by external advisors in this regard.

In accordance with this strategy certain investments are designated at held for trading because their performance is actively monitored and they are managed on a fair value basis.

**5.7 Capital management**

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

The Board of Directors of the Parent Company monitors the return on capital, which the Company defines as net profit for the period divided by total equity. The Board of Directors of the Parent Company also monitors the level of dividends to ordinary shareholders.

There were no changes in the Company's approach to capital management during the period. The Company is not subject to externally imposed capital requirements.

27. Share capital

- a - The Parent Company's authorized capital before increase was determined at L.E 500 million (five hundred million Egyptian pounds).
- b - The Parent Company's issued share capital before the increase amounted to L.E 167 981 070 (only hundred sixty seven million nine hundred eighty one thousand and seventy Egyptian Pounds) distributed over 16 798 107 shares at a par value of L.E 10 per share fully paid, and annotation was made in the Parent Company's Commercial Registry to this effect.
- c - On July 10, 2003, the Parent Company's Extraordinary General Assembly Meeting decided to reduce the Parent Company's issued capital with an amount of L.E 8 134 750 (eight million hundred thirty four thousand seven hundred and fifty Egyptian Pounds) representing the par value of the treasury shares – according to article 48 of law No. 159 of 1981 to L.E 159 846 320 (hundred fifty nine million eight hundred forty six thousand and three hundred and twenty Egyptian Pounds) distributed over 15 984 632 shares (fifteen million nine hundred eighty four thousand six hundred and thirty two shares). Capital Market Authority issued its letter No. 6610 on 9 October 2003 approving the reduction of the Parent Company's issued capital, and annotation was made in the Parent Company's Commercial Registry to this effect.
- d - On October 16, 2006, the Parent Company's Extraordinary General Assembly Meeting has unanimously decided to:
  - Approve the Parent Company's board of directors resolution made on 10/9/2006 regarding the increase in the issued capital through offering 9 million shares to new shareholders in a private placement and increasing the shares offered in the private placement with 2 million to be allocated to the original shareholders with the same conditions and terms. Accordingly, the increase in the issued capital from L.E 159 846 320 to L.E 269 846 320 shall be within the limits of the authorized share capital amounting to L.E 500 million by issuing 11 million ordinary shares at a fair value of L.E 100 per share (representing a par value of L.E 10 in addition to a share premium of L.E 90) as determined by the Parent Company and prepared according to the average share price at Cairo & Alex Stock Exchange prevailing during the two periods (a week and two months, average share price for a week and two months) prior to the date of publishing the approval of the Parent Company's board of directors on the capital increase made on 11/9/2006. Subscription in the increase introduced to the new shareholders in a private offering shall be made as a deduction from the credit balances of these new shareholders directly paid to the Parent Company before the date of the shareholders' meeting, and the credit balances set aside in the escrow account in favor of the Parent Company as well as the credit balances that shall be transferred to the Parent Company's account within three weeks from holding the shareholders' meeting on condition that the total of those credit balances should be added to the capital participation provided that the original shareholders shall be allowed to make subscriptions in the private offering of 2 million additional shares at the same terms and conditions (2 million shares of the increase shares) within a week after the lapse of 15 days from publishing the invitations of original shareholders to make the subscriptions. In addition to the above, the shareholders meeting approved the board of directors resolution regarding the increase in the issued capital with one million shares where the board of directors of the Parent Company shall be authorized to issue these shares at the same value in order to finance the employees and managers incentive and bonus plan.
  - Approve assigning the preemption right of the original shareholders to subscribe in the issued capital increase by issuing 9 million shares to be allocated to the new shareholders, and authorize the board of directors of the Parent Company to issue

one million shares allocated for the employees and managers incentive and bonus plan at a fair value of L.E 100 per share, without applying the preemption right of the original shareholders stated in the Parent Company's Articles of Association, and in light of using the credit balances to finance the purchase of 99.99 % of the Capital of Sixth of October Company for Real Estate Development and the reasons of limiting the private placement to new shareholders, as well as the Parent Company's expansion plan explained in detail at the shareholders meeting.

- An amount equivalent to L.E 900 million was collected from the new shareholders of which L.E 90 million represents the par value of the increase shares 9 million shares, and the remaining L.E 810 million represent share premium of these shares as shown in note No. (29). Annotation was made in the Parent Company's Commercial Registry on 18/12/2006.
- On 24/10/2006, convocation was made for the original shareholders to subscribe to 2 million shares at a fair value of L.E 100 per share. The amount subscribed to and paid till 20/11/2006 (the date of closing the subscription) is L.E 192 876 400 for 1 928 764 shares of which L.E 19 287 640 represents the par value of the shares subscribed to and L.E 173 588 760 represents share premium as stated in the Egyptian Gulf Bank certificate dated 26 / 11 / 2006.
- Accordingly, the Parent Company's issued capital after the increase shall become L.E 269 133 960 (only two hundred sixty nine million, hundred thirty three thousand and nine hundred sixty Egyptian Pounds) distributed over a number of 26 913 396 shares at par value of L.E 10 per share fully paid, and annotation was made in the Parent Company's Commercial Registry on 18/12 / 2006.
- On May 16, 2007 the Parent Company's board of directors decided to approve the increase of the issued capital through the issuance of one million ordinary shares in favor of and under the account of incentive & bonus thus, in line with implementing the Extraordinary General Assembly decision dated October 16, 2006. Capital Market Authority made its decision on June 28, 2007 regarding the approval of issuing the shares of the capital increase in the amount of one million ordinary nominal share with nominal value of L.E 10 for each share, and the total amount of the issuance is L.E 10 million that is fully paid in cash and equivalent to 100 % of the increase amount in addition to L.E 90 million as share premium to be transferred to the reserves, according to the certificate of Arab African International Bank's Head office as at June 5, 2007. Annotation was made in the Parent Company's Commercial Registry on 5/7/2006.

Accordingly, the issued capital of the Parent Company after the increase is amounting to L.E 279 133 960 (only two hundred seventy nine million one hundred thirty three thousands, and nine hundred and sixty Egyptian Pound) distributed over 27 913 396 cash share with nominal value of L.E 10 per share fully paid.

- On April 6, 2008, the Parent Company's Extra-ordinary General Assembly Meeting agreed the approval of the Parent Company's board of director's decision issued on August 6, 2007 regarding the increase of the Parent Company's capital with additional 500 000 shares (only five hundred thousand shares) of the Parent Company's shares to be issued on nominal value and to be allocated for the incentive and bonus plan of the Parent Company's employees, directors and executive board members. Accordingly, the share capital will amount L.E 284 133 960 (only two hundred eighty four million one hundred thirty three thousand, and nine hundred and sixty Egyptian Pound) distributed over 28 413 396 share instead of L.E 279 133 960 (only two hundred seventy nine million and one hundred thirty three thousand and nine hundred and sixty Egyptian Pound) provided that the finance of such increase will be made by utilizing the reserves with the assignment

of the preemptive right of the old shareholders to subscribe in the said increase. Accordingly, the allocated shares for this plan will become 1.5 million shares instead of one million only.

- On June 11, 2008, Capital Market Authority approved the issuance of the shares of the share capital increase of 500 000 ordinary nominal share with nominal value of L.E 10 per share with total amount of the issuance of L.E 5 million as additional shares to be allocated for the incentive and bonus plan of the Parent Company's employees, directors and executive board members and fully paid from the special reserve according to the financial position as at December 31, 2007. Accordingly, the Parent Company's total issued share capital become L.E 284 133 960 (only two hundred eighty four million one hundred thirty three thousand and nine hundred and sixty Egyptian Pound) distributed over 28 413 396 shares (twenty eight million four hundred thirteen thousand and three hundred and ninety six shares) with a nominal value of L.E 10 per share which are fully paid. Annotation was made in the Parent Company's Commercial Registry on June 18, 2008.
- On December 7, 2009, the Parent Company's Extraordinary General Assembly Meeting agreed to increase the authorized capital to become L.E 2 800 000 000 (Two billion and eight hundred Egyptian Pound). Annotation was made in the Parent Company's Commercial Registry to reflect such increase on March 4, 2010.
- On November 4, 2009, the Board of Directors of the Parent Company discussed increasing the issued capital of the Company within the limit of the authorized capital and determining the offering price of the capital increase shares as proposed in the report of the independent financial advisor who was appointed pursuant to the resolution issued by the Board of Directors of the Parent Company in its meeting held on October 12th, 2009 which resolved that the fair value of the Company's share shall be EGP 153.50 per share, and recommended in its report that the increase price shall range between EGP 65 and 75 per share, accordingly, the Board of Directors of the Parent Company approved that the offering price shall be EGP 70 per share that is in agreement with the average share price during the last six months and applying a discount rate at 54.4 % of the fair value per share as determined in the report of the fair value in order to encourage the Company's old shareholders to subscribe in the Company's shares.

Based on the aforementioned, the Board of Directors of the Parent Company approved the increase of the Company's issued capital within the limits of the Company's authorized capital with an increase amounted from EGP 284 133 960 to EGP 362 705 390 that represents a nominal increase of EGP 78 571 430 through the issuance of 7 857 143 shares in which subscription is made at the value approved by the Board of Directors amounting to EGP 70 per share, accordingly, the total value of the increase in the Company's issued capital according to the value approved by the Company's Board of Directors shall become EGP 550 000 010 including the share premium, provided that the difference between the par value and the issuance price of the increase shares shall be transferred to a reserve account pursuant to article (17) or the Executive Regulations of the Capital Market Law No. (95) of the year 1992. This increase shall be fully allocated to the benefit of the Company's old shareholders and the purchaser of the share till the date specified in the prospectus. An amount EGP 83 070 956 was paid under the account of the increase in the Company's issued capital till December 31, 2009. Subscription was made in these shares in full and the value of the increase was deposited at the bank based on the certificate of deposit of Bank of Alexandria - Cairo Branch, dated January 24th, 2010. On March 4th, 2010 annotation was made in the Company's Commercial Registry to the effect of the increase, accordingly, the Parent Company's issued capital amounting to EGP 362 705 390 was paid in full.

#### 46.3 Currency risk

##### Exposure to currency risk

The Group's exposure to foreign currency risk was as follows based on notional amounts:

	30/6/2010		31/12/2009	
Description	L.E	USD	L.E	USD
Cash at banks	771 267 244	6 345 536	465 760 599	3 023 013

USD	5.49	5.52	5.86	5.49

#### 46.4 Sensitivity analysis

A 10 percent strengthening of the USD against the following currencies at June 30, 2010 would have increased (decreased) profit & loss by the amounts shown below.

This analysis assumes that all other variables, in particular interest rates are constant. The analysis is performed on the same basis for year 2009.

	<u>Profit &amp; loss</u>
	<u>L.E</u>
<u>June 30, 2010</u>	
USD	3 297 988
<u>December 31, 2009</u>	
USD	1 156 436

A 10 percent weakening of the USD against the above currencies at June 30, 2010 would have had the equal but the opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

#### 46.5 Interest rate risk

At the consolidated financial statements the interest rate profile of the Group's interest bearing financial instruments was:-

	<u>Carrying amount</u>	
	<u>30/6/2010</u>	<u>31/12/2009</u>
	<u>L.E</u>	<u>L.E</u>
<u>Fixed rate instruments</u>		
Financial assets	1 952 099 113	1 854 539 937
Financial liabilities	(203 918 306)	(200 305 682)
	<u>1 748 180 807</u>	<u>1 654 234 255</u>
<u>Variable rate instruments</u>		
Financial liabilities	(88 677 587)	(97 347 618)
	<u>(88 677 587)</u>	<u>(97 347 618)</u>

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss and the Company does not designate derivatives (interest rate swaps) as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the consolidated financial statements date would not affect the consolidated income statement.

#### 46.6 Fair values

##### Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts in the consolidated balance sheet are as follows:

	30/6/2010		31/12/2009

**48. Legal position**

There is a dispute between the Company and a party regarding the contract concluded between them on 23/2/1999 which is related to delivering this party a plot of land as a usufruct right for indefinite year of time and a return for an annual rental with a minimal amount for a total of 96 feddan approximately and which has not been delivered up till this date as the management of this party did not abide by the detailed conditions of the contract. There are exchanged notifications concerning this land between the management of the Company and the management of this party. During 2009, this party raised a claim No. 3 of 2009 Civil 6<sup>th</sup> of October against the Company asking it for the delivery of the allocated land. A preliminary award was issued by the court in its session held on February 2010 to refer this matter to Experts and to delegate the Experts Office of the Ministry of Justice to embark this claim and set a session to be held on April 26, 2010 for the expert to present his report. The session was postponed several times and the last one will be held on September 27, 2010. The Company's legal counselor is of the opinion that the Company has the right to maintain and exploit this land under the contract as the said contract has not been affected and no usufruct right has been arisen to this party since its effect was based on conditions that have not been met. In addition, in case of any dispute raised by this party to possess the land, the Company has the actual and physical possession of the land and hence it has the right to continue in possessing the land till settlement of this dispute before court.
